

OUR GUIDING PRINCIPLES

At North York General Foundation, we raise and responsibly steward the funds that enable North York General Hospital (NYGH) to deliver exceptional health care to our diverse communities.

We support our hospital's most urgent needs, including equipment replacement and upgrades not covered by the government, to ensure that our hospital has the right tools and equipment when it matters the most. We are also looking beyond the needs of today and investing in programs and infrastructure that will transform how our hospital delivers care.

BOARD OF GOVERNORS

Ambassadors for our hospital, North York General Foundation's Board of Governors volunteer their time and experience. Governors support fundraising, set strategic directions for the Foundation and promote our hospital's profile within the community.

GoingBeyondCare is what we do at North York General, but we couldn't do it without you.
